If you have any breakfast ideas that you would love to have, let Georgia know!

We are also starting a morning cooking club – come and join us for some tasty baked brekkie treats!

# What we have done this week...

As usual, cooking club is always a firm favourite at OSH and last week we decided to put ourselves to the test and make our own sushi rolls! We loved using the rolling mats to create the sushi rolls although some of us had really packed our fillings in which made them a funny shape! The children loved getting messy with the sticky rice and used fillings such as capsicum, cucumber, avocado and carrot. Delicious!

As part of our STAR's scheme, good behaviour, helpful tidying and kindness are just some of the reasons the children gain stars on their chart. As a reward, if a child earns 5 stars, they can choose an activity of their choice that they'd like to see happen at OSH. Last week it was John Mason's 5-star activity. John loves Minecraft and wanted to use collaging to create his own 'Minecraft mob'. The children loved searching up the characters and trying to make their own people. Very intricate work!

The children were very keen on the collaging this week, so the mornings were taken up by creating collage scenery. The children were keen to brighten up my desk area and asked if their colourful scenes could be put up on display for the parents to see. Come and see the lovely artwork when you can!

Our shout out this week goes to grade 6 **Sierra**. Sierra often comes to OSH at the start of the week and is such a credit to our service. Sierra really enjoys getting involved in all of the activities and chooses to be a buddy to many of the preps. The younger children really look up to Sierra and it's clear to see she takes the responsibility very seriously. Thank you for always being so kind and helpful Sierra!
