

What's been happening?

In the last two weeks of OSH Club, we have introduced different activity clubs! This includes Science Club, Cooking Club, Art and Craft Club and Moovosity (P.E) Club.

Students have thoroughly enjoyed having a wide variety of activities to explore and have not only had fun but have learnt important life skills including kitchen safety as well as how and why things happen.

On Class Dojo as well as our Observational Journal we have provided detail about each activity if you don't have access to either of these please ask one of our friendly OSH Club staff members!

Pupil Free Days

Come join the fun

We have two very busy days planned

June
2

Science Camp

June
3

Celebrate Harmony

Recipe of the week

To fit our theme of countries following the alphabet we recently did the letter C for Croatia!

We made Čupavci, which you can say is similar to a lamington! Čupavci as we have learnt means “furry” because of the fuzzy service the coconut provides although on this occasion, we did use sprinkles instead.

They were absolutely delicious and it has been so fun to try recipes from different cultures as it has been both educational and fun!

Building Family & Community Connections

We are always seeking opportunity to reach out to our community and build relationships. To learn about the positive impact, we can have. We would like to create a donations collection program that will provide much needed help to a wonderful charity, St Kilda Mums who collect sort and redistribute essential nursery equipment, clothing. Books and toys for babies and school aged children. At present they need the below items. Baby toiletries. The children and staff will be setting up a donation box and making posters and would love your participation. Were excited to see the children explore this experience and hopefully develop a love of helping those in need.
