Last week was packed with fun activities. On Thursday the bravest of the bunch participated in a number of stomach turning challenges in our Fear Factor activity. Those who were brave enough to play had 15 seconds to pick out zombie eye balls and brains from the mystery bucket! For the next challenge the children were asked to roll a die to see how many 'frog eggs' they had to eat! Those who were still standing were asked to roll the die once again in order to determine what mystery food they had to try. Many of our participants earned STARS by showing their bravery and pushing themselves out of their comfort zone and into the *creepy* zone! Well done everyone!

Last weeks cooking class took us to the Middle East! Our chefs made their own baked Falafel, made with chickpeas, garlic, onion and spices to bring home and share with their families. It was pretty exciting to be able to use the hand blender! Well done guys, they were delicious!

This week we would like to give a special shout out to our very creative and artistic friend Morgan Ashlin. Morgan is unbelievably creative and innovative when it comes to any craft project. She is always willing to help out others at the craft table and share her ideas! Great work Morgan!!
