Dear Parent / Guardian,

Re: **The chronic traffic and parking conditions surrounding TPS**

Please find a questionnaire on the reverse side of this letter for completion and return.

This questionnaire is to gather information to prepare a submission to put to Stonnington Council to address the chronic traffic and parking conditions surrounding TPS.

It is envisaged that when the statistics are collated from the information you provide we should have a more realistic understanding of the overall situation and be armed to move forward.

There are now some 540 students enrolled at Toorak Primary School some local and others from surrounding areas. It is apparent that more and more students are ferried to and from school in cars which appears to have created a permanent traffic jam at morning drop off and afternoon pick up.

The surrounding residents are either extremely patient or are furious at the lack of action by Council other than to inflict frustrated drivers with Parking Alliance officers who have no mercy, what a windfall this situation has been for them. There will be many options to explore, for one "Kiss and Drop" zones, however before any ideas can be formulated, please help by completing the following survey and returning no later than Monday, May 28, 2018.

Kind regards  
TPS Traffic Steering Committee

Toorak Primary School Traffic / Parking Survey – May 2018

How many children do you have attending TPS?	Age	Grade
What suburb do you reside in?		
How does your child/children arrive at school on the majority of days?	Car	Walk or other
If by car, approx. what time?
